Quartz // Porcelain // Outdoor

Letter from the *President*

Dear Valued Customer,

2024 is underway with an exciting year ahead full of innovation, advancements in sustainability, and our continued journey of growth as a multi material surface provider.

While we focus on bringing you exciting new surfaces and designs to meet the ever-changing needs and tastes of the market, the health and wellbeing of our partners continues to be our top priority. I'm pleased to announce that almost 5,000 fabricators worldwide have successfully completed our Masters of Stone program. We continue to make this program available in over 12 languages to ensure all those in our industry can easily access education that fosters a healthy and safe work environment.

At KBIS 2024 in Las Vegas, we debuted our new Quartz Oak Collection—a portfolio of stunning designs that take veining to the next level. With marble inspiration, the Oak Collection combines rich and complex patterns with depth of colour for designs that are statement-making but still with our classic Caesarstone sophistication and timelessness.

Additionally, as we continue to expand our Porcelain offering in Canada, we're also pleased to bring you seven new Porcelain colours inspired by rich limestones, marble, and quartzite. As we see the demand for Porcelain continue to grow, we'll have more exciting announcements to share about our offering throughout the year.

A great way to experience the brand is to visit one of our design centres—great places to get advice from our experts, meet clients, and see our full collection of Quartz and Porcelain on display.

We're also excited to launch our new trend report *Beyond the Surface*—a collaboration with industry tastemakers from across North America—bringing design pros and enthusiasts thought-provoking ideas and inspiration for their next project. *Beyond the Surface* can be found [here](#).

We're energized for the year to come and look forward to your partnership as we brace for an exciting year of evolution in surfaces.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ken Williams', written over a light blue horizontal line.

Ken Williams
President of Caesarstone Canada

Caesarstone Finishes

Caesarstone offers a variety of finishes, dressing the surface in a way that brings out the best in the design while ensuring it remains long-lasting without the need for sealants or wax.

Long-Lasting Quartz Finishes

Polished

High-gloss smoothness attracts light and illuminates with a natural glow.

Honed

Smooth to the touch and gentle on the eye, this finish adds a delicate sophistication to the surface.

Natural

A slightly textured satin sheen conjures up the warm and grainy touch of stone.

Concrete

A low light reflection and a slightly textured appearance evokes the sensation of an organic material.

Rough

With a complex and robust look and feel, it intensifies the depth of the colours. An advanced technology that achieves the effect of coarse industrial materials, but remains smooth for easy cleaning.

Durable Porcelain Finishes

Honed

Our Honed finish is smooth to the touch and soft on the eye, offering a special organic luminosity. Its satin sheen reflects light, while retaining a special shine that penetrates the surface to highlight deeper dimensions.

Silk

This finish covers the surface in a shimmering overlay. The light glides softly over the stone, creating a luxurious appeal that adds a dimension of softness and comfort.

Ultra Rough

Inspired by the tactility of rough stone, industrial metals and concrete, this finish reinforces the organic nuances of the stone. With a distinctive granular feel, it guarantees high durability and care.

Stone

Tenderly tactile with a pleasant radiance, this finish has the soothing touch of a semi-smooth stone. Its appearance is that of a weathered rock, which comforts in a genuinely authentic way.

Quartz Slab Sizes

Standard

Caesarstone Quartz surfaces come in Standard size, offered in two thicknesses.

120" x 56.5"
(47.08 sq ft)
(305 cm x 144 cm)

Thickness –
2 cm and 3 cm
depending on the colour

Thickness	Standard Slab Weight
3 cm	639-675 lbs (290-306 kg)
2 cm	417-463 lbs (189-210 kg)

Jumbo

Some Caesarstone Quartz surfaces are available in large Jumbo size, offered in two thicknesses, making it easier than ever to fill spaces with fewer seams.

131.5" x 64.5"
(58.9 sq ft) +/- 1"
(334 cm x 163.8 cm)

Thickness –
2 cm and 3 cm
depending on the colour

Thickness	Standard Slab Weight
3 cm	798-842 lbs (362-382 kg)
2 cm	520-575 lbs (236-261 kg)

Standard and Jumbo slabs are offered in two thicknesses.

Porcelain Slab Sizes

Large Slab Size

Caesarstone Porcelain surfaces come in one large-scale size for a seamless kitchen experience.

Caesarstone Porcelain surfaces have a thickness of 12 mm, making them suitable for a variety of indoor and outdoor applications.

Size – 124.5" x 61.5"
(53.17 sq ft)
(316.2 cm x 156.2 cm)

Weight – 330.7 – 352.7 lbs
(150-160 kg)

Thickness – 1.2 cm

Weight / M2 – 59.5 - 68.3 lbs
(27-31 kg)

Edge Profiles

Quartz

All Caesarstone slabs come with a standard engineered cut, ready for experienced fabricators to fabricate the surface to your specifications. Your surface's edge profile can be custom-designed by any fabricator in a variety of thicknesses that inspire your design. Choosing the right edge profile for your specific design style and aesthetic adds the all-important finishing touches to your surface and optimizes your design.

Care & Maintenance

We produce incredibly durable and nonporous surfaces, so they're virtually maintenance-free. For daily routine care, just follow the simple tips below to benefit from timeless performance and appearance.

Lifetime Warranty

Our high-quality surfaces require little maintenance and come with a lifetime warranty

Cleaning Products

Use your regular home cleaning products

Simple Cleaning

A splash of warm soap water will do (avoid plant oil soaps)

Preventing Patina

Wipe away any liquid spills and splashes, to keep your surface dry always

Caring for Dark Surfaces

Patina and stains may be more noticeable. Cream-coloured cleaning products are not recommended

Avoiding Scratches

Always use a cutting board and clear away sharp objects

Chemicals

Do not use hydrofluoric acid or materials containing it to clean your surface

Intact Surfaces

Avoid hard knocks on exposed areas, particularly on edges

First Cleaning After Installation

- 1 Clean the whole surface thoroughly after installation with soapy water and a microfiber cloth or non-abrasive scourer.
- 2 Dry the surface thoroughly with a paper towel.

Daily Maintenance

- 1 We recommend wiping the surface with warm, soapy water, a mild detergent, and a clean damp cloth.
- 2 Remove stains as soon as possible for easy cleaning and practical, immediate results.
- 3 To prevent limescale build-up, it is essential to thoroughly wash cleaning material residue off the surface and dry with paper towels.

Stubborn Spills

- 1 Gently rub the area using a soft cloth or paper towel with an approved cleaner.
- 2 Clean spill in a circular motion.
- 3 Rinse with water, and dry with a soft cloth or paper towel.
- 4 Repeat this process if the stain is still visible.

Warranty

Lifetime Residential & Commercial Warranty

Because your peace of mind is top priority, we provide a lifetime warranty for our Quartz and Porcelain surfaces we manufacture. This means that we completely support our product, and that we are always at your service to answer queries, solve problems and ensure you derive maximum satisfaction from your Caesarstone surface.

Outdoor 10-Year Limited Warranty

Caesarstone will warrant, from the original date of installation, material that fails due to any manufacturing defect fabricated and installed by a Caesarstone Certified Fabricator. This warranty will cover either the repair or replacement of failed material at the sole discretion of Caesarstone.

Register your warranty online at caesarstone.ca/warranty/
